

Christ's Great Commission:

Jesus said, "Go ye into all the world and make disciples of every nation..." (Matthew 28:19)

Next Stop - "CINCEL"

CINCEL is the Assemblies of God language school in Central America where missionaries assigned to work with the people of Latin America are sent for their language training. In Spanish "cincel" is the tool of a sculptor, something like "chisel" in English. The CINCEL website is www.cinzel.org [where we found these photos]. The flash intro says, "acquire" ... "go" ... "make disciples!"

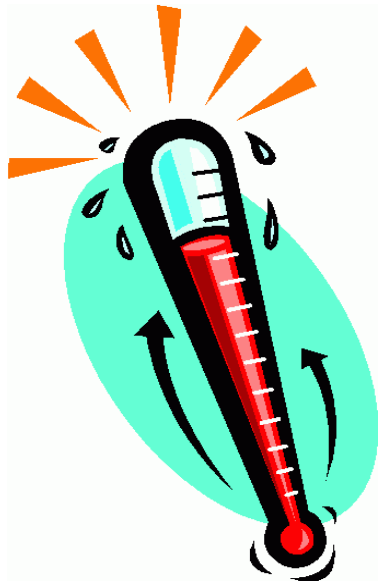

~ This is what CINCEL is all about – the final preparation of missionaries to go and be effective among the people to whom they're being sent. Beth and I are fortunate to already have some beginning Spanish language training in our past, but we expect to be fluent after our time at CINCEL. This will be a must for success in the field, so we would certainly add this to our list of

prayer requests. We are now on our third extension and plan to be leaving by the end of the year. It has been a long road (and we still have just under 20% yet to raise) – but we are so appreciative of those who've stood with us through this test of endurance.

So as always we want to thank you so much for your prayers and financial support.

SWEATIN' OUT THE LAST 20%

We're hearing a lot about the economy these days. Not only is there a critical presidential election taking place but Wall Street and the stock market are showing crisis symptoms that we're told have not been seen since the Great Depression. We're hearing words from expert economists like "unprecedented", "uncertainty", and "uncharted waters". These pangs affect everyone of course, but as a missionary family whose lives may seem to be on hold we must remind ourselves that God has an economy, too. "My times are in Your Hands," David writes in Psalm 31. God's economy is different from what we see in the world around us. God, grant us all grace and spiritual insight to sense what You're doing in the earth today, and that we may have a part in Your end-time harvest!

Family Report: Havilah's pregnancy continues to go well. She and Billy have chosen a name for the baby – "Joshua Bryan". He's due to make his appearance November 12th. My pastor, Randy Sabella takes special joy in calling me "Grandpa" these days. In this photo Havilah and Billy are seen outside First Assembly in Harrisburg, Pennsylvania after we'd done an evening service there in mid-September.

Emily: is taking a full load at Cumberland County College and will also study for college credit while we're at CINCEL. She works part-time as a cashier and is a leader in our church's youth group.

Christina: is in third grade in public school until the Christmas break. While we're at language school she will attend a Christian school in San José. She's the only one of our children who will go on to the field with us.

Phillecia

is a former student of ours.

She is from Jamaica.

This is a message we received just shortly before this newsletter was produced. God is using her greatly in Jamaica but as you can see it is not very safe.

Please pray for Phillecia and for all those who we've been privileged and blessed to see go forth from their training & equipping, and into fruitful ministries for the Lord, in their respective countries. Many of these students who are now in ministry are working in unsafe locations under difficult circumstances. Thank you.

"So close and yet so far!" Have we made it amply clear that we really could use more help in the way of monthly support?? Even just \$10, \$15, or \$25 a month from enough churches, small groups, or individuals could add up to put us over the top and on our way. These monies will be used in the most strategic way possible to help build the Kingdom of God. Please ask the Lord what you might be able to do. We are confident because we know His main priority is redemption. Our information is below.
